## STUDENT CONDUCT ON SCHOOL BUSES

The Board furnishes transportation in compliance with State law. This fact does not relieve parents of students from the responsibility of supervision until such time as the student boards the bus and after the student leaves the bus at the end of the school day.

Students on a bus are under the authority of, and directly responsible to, the bus driver. The driver has the authority to enforce the established regulations for bus conduct. Disorderly conduct or refusal to submit to the authority of the driver is sufficient reason for refusing transportation services or suspending transportation services to any student once proper procedures are followed.

The Board authorizes the Superintendent or other administrators to suspend a student from school bus riding privileges for a period not to exceed one school year. The only due process required is the student must receive notice of an intended bus riding suspension and an opportunity to appear before the Superintendent or other administrator before the suspension is imposed.

The Board's policy regarding suspension from bus riding privileges must be posted in a central location in each school building and made available to students upon request.

Regulations regarding conduct on school buses, as well as general information about the school transportation program, are available to all parents and students.

## STUDENT CONDUCT ON SCHOOL BUSES

The following regulations pertain to school bus conduct and are intended to ensure the safety and welfare of the students, the bus driver and other drivers on the road and to ensure safety and proper maintenance of school buses.

Students will:

1. be careful in approaching bus stops, walk on the left facing oncoming traffic and be sure that the road is clear both ways before crossing the highway;
2. be on time at the bus stop in order to permit the bus to follow the time schedule;
3. sit in assigned seats (bus drivers have the right to assign a student to a seat in the bus and to expect reasonable conduct similar to conduct expected in a classroom);
4. reach assigned seat in the bus without disturbing or crowding other students and remain seated while the bus is moving;
5. obey the driver promptly and respectfully and recognize that he/she has an important responsibility and that it is everyone's duty to help ensure safety;
6. keep the bus clean and sanitary, refrain from chewing gum or consuming candy, food or drinks on the bus at any time;
7. refrain from loud talking or laughing (unnecessary confusion diverts the driver's attention and might result in a serious accident);
8. keep head, arms and hands inside the bus at all times;
9. be courteous to fellow students and to the bus driver;
10. treat bus equipment as one would treat valuable furniture in his/her home (damage to the school bus is strictly forbidden) and
11. remain seated until the bus stops, wait for the signal from the bus driver and cross in front of the bus.

Failure of a student to follow these regulations may result in his/her forfeiting the right of transportation by school bus.

Discipline

The Board authorizes the Superintendent or other administrators to suspend a student from school bus riding privileges only for a period of up to one school year. The only due process required is notice to the student of an intended bus riding suspension and an opportunity to appear before the administrator considering the suspension before it happens. The administrator's decision is final.

When discipline problems with individual students arise, use the following guidelines.

1. If possible, the driver should resolve the problem.
2. When the driver is unable to resolve the problem, he/she should report it to the transportation supervisor. The transportation supervisor and driver, if necessary, confer with the principal. Any discipline imposed by the principal of the school.
3. Problems which cannot be resolved by measures specified above are referred to the Superintendent.
