**DISCRIMINATION PROHIBITED** – No person in the Little Miami Local School District, shall, on the ground of race, color, creed, age, sex, national origin, disability, or handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity, all as in accordance with and as limited by the provisions of applicable law and provides equal access to the Boy Scouts and other designated youth groups. Students are permitted to engage in religious expression at school and the district shall not prohibit a student from engaging in religious expression in the completion of homework, artwork, or other written or oral assignments. **SECTION 504 AND AMERICANS WITH DISABILITIES** - Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act prohibits discrimination against persons with a disability in any program receiving federal financial assistance. Section 504 defines a person with a disability as anyone who . . .

Has a mental or physical impairment which substantially limits one or more major life activities such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, working, sleeping, standing, lifting, reading, concentrating, thinking, communicating, helping, eating, bending, or operation of a bodily function. (This is not an exhaustive list of major life activities, which means even if an activity or function is not listed it can, nonetheless, be a major life activity.)

The school district has the responsibility to provide accommodations and services to eligible individuals with disabilities. The district acknowledges its responsibility under Section 504 to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability shall knowingly be permitted in any program or practice in the school.

### **SERVICE ANIMALS**

The district permits the use of service animals in the schools for those individuals with qualified disabilities. Service animals must: 1) have a service plan approved by administration, 2) be on a harness, leash or other tether or be under the control of the handler either through voice commands, signals or other means, 3) be housebroken and 4) be up-to-date on vaccinations. The school may exclude the animal if it is aggressive or disruptive and not housebroken.

### **SURVEILLANCE CAMERAS**

For students' safety and welfare, video surveillance cameras are placed throughout the building and school grounds and on buses. Actions recorded on these cameras may be used as evidence or in disciplinary action. Any attempt to damage or interfere with the function of these devices will result in disciplinary action by the school and possible referral to law enforcement agencies.

**ARRIVAL AND DEPARTURE TIMES**

Students should not plan to reach school until after **7:00 AM**. This arrival time applies to the student parking lot as well as the school building. School starts at **7:15 AM**. No student shall leave the school grounds once he/she has arrived by bus or car and should not loiter outside the building, in his/her car or on adjacent private property. Afternoon dismissal will be at **2:15 PM**. Students must exit the parking lot by **2:30 PM**. Any student who is in the building after **2:30 PM** should be under the direct supervision of a coach, teacher or advisor. Unsupervised students will be considered to be loitering and will be cited as being Out-Of-Bounds (Rule 26). Extra Time Extra Help (ETEh) is available for students from **7:15-7:46 AM**. ETEh is a mandatory part of the school day unless a late arrival privilege is earned. The privilege can be revoked by the administration for any reason deemed appropriate.

**ACTIVITIES – SCHOOL SPONSORED**

A number of school-related groups and activities have been organized for the participation of the student body. For information about sponsors, membership and meeting times, students should consult the appropriate advisor, coach or sponsor. Students are only permitted to be on campus before and after hours if supervised by a staff member.

Little Miami High School also has activities and groups available for parent participation. These groups include the Parent Teacher Organization (PTO), Band Boosters, Choir Boosters and the Athletic Boosters.

Students participating in school-sponsored activities must follow the Ohio High School Athletic Association eligibility standards. These standards can be found at [www.ohsaa.org/eligibility](http://www.ohsaa.org/eligibility). Students can also talk with the Athletic Director or activity sponsor if they have questions about eligibility.

Little Miami offers its students many group activities to further expand their interests. These groups meet with an appropriate advisor, coach, or sponsor throughout the school year. Information will be made available to the student body at the appropriate time to sign up for each activity and the requirements for participation.

Roles of leadership in the school and/or in these groups where students are selected or elected by their classmates and/or teachers are considered an honor. The Board of Education (Administration) feels that a student assuming this responsibility of leadership also assumes an obligation to set a correct example for his/her peers in behavior. Any student who has had discipline, attendance, and/or academic issues during the previous or current school year may not be eligible for these roles of leadership within the school.

Additionally, any violation of the "Code of Conduct" may result in the usual penalties being applied, but any penalty resulting in the student being expelled or suspended may also call for the automatic removal of that student from any honorary position held, or from consideration for any such honor for that school year.

**Social Probation Policy:** Every student has an absolute "Right to a Free and Appropriate Education" and upon graduating from high school the goal is for all students to be college and/or career ready. Students also have "Privileges" which include participating/competing in extra-curricular activities, interscholastic sports and other privileges which include clubs and/or all social activities such as attending any school dance, sporting event/game/practice, or school play. It also includes participation in special events such as evening academic awards, assemblies or graduation. It is important to differentiate between the two when defining Social Probation. Students may be placed on Social Probation for attendance (90% attendance), failing grades, or violations of the Student Code of Conduct. Social Probation is a "denial to participate" (not a suspension) in activities that are considered privileges and do not interfere with educational rights of the student's education. It is simply a philosophy of requiring students to take care of business before pleasure; and for many students, it is that opportunity of participating in "privileges" that motivates them to do their best in the classroom. Social probation is designed to keep academics the most important factor in school.

## ATTENDANCE

### Warren County Schools

<http://www.warrencountyesc.com>

1879 Deerfield Road · Lebanon, OH 45036 \* (513) 695-2900 · Fax (513) 695-2961

### County-Wide Attendance Policy

#### Documentation for time out of school

Generally, twelve (12) absences from school (time out of school), which include full days and partial days may be documented by a parent/guardian phone call.

**\*Medical notes shall NOT count against the 12 absences (time out of school full or partial days) that a parent may excuse.**

Absences (time out of school), full and partial days in excess of 12 absences may not be excused by a parent and shall require documentation by the child's treating physician, nurse practitioner, or

physician's assistant- unless an absence (time out of school, full or partial days) is otherwise excused by the Principal due to unusual circumstances.

The foregoing general rule is for the convenience of school officials in the administration of this attendance regulation. This rule does not create an entitlement for a student to be absent from school 12 times. Application of this general regulation may be waived by school officials where circumstances indicate that its application does not serve the student's best interest. Those circumstances include, but are not limited to: the student's attendance in the current or prior school years; instances where students/parents have been adjudicated guilty for truancy related offenses or currently under active supervision or probation. Excused absences from school (time out of school, full or partial days) shall be granted only on the condition of a note from a physician, nurse practitioner, physician's assistant, or excused by the school Principal.

Nothing contained in this attendance regulation is intended nor should be construed as restricting the discretion of school officials to make such inquiries and request such verification/documentation as is reasonably necessary to determine if the time out of school for full day absence or partial day absence is excused.

### **Tardiness/Early Dismissal**

Being punctual is an expectation that we have for all of our students. Any student arriving to school or their assigned seat in the classroom after 7:15A.M. must report directly to the attendance office to obtain a tardy slip. The tardy slip must be presented to the teacher to be admitted to class. The school attendance officer will track tardies and report to the administration.

When students arrive on school property, he/she is under the jurisdiction of the school district until the end of the school day. No student may leave the premises during the school day without proper authorization. Students that require an early dismissal must present a note or email from their parent/guardian/custodian to the school attendance office in the morning at the beginning of the school day. Early dismissal emails can be sent to [HSOffice@lmsdoh.org](mailto:HSOffice@lmsdoh.org).

The following information must be provided on an early dismissal request:

- Student's First, Last Name, Date, and Time requested for the early dismissal
- Phone number where parent/guardian can be reached during the school day
- Parent signature

### **Absences**

Students who miss school are required to have their parent/guardian contact the attendance office on or before 9:15A.M. If the school doesn't receive notification, a phone call will automatically be made to the parent/guardian. If the parent/guardian fails to contact the school, the absence will be considered unexcused until a parent/guardian makes direct contact (within 5 days) with the attendance office to verify the student's absence. All notes parental/guardian or physician's must be submitted to the attendance office within five (5) days of the absence, otherwise the absence will be unexcused.

### **Unexcused Absences from school: (time out of school full or partial days)**

The Ohio Revised Code define a student as being a habitual truant when a student has:

- 30 consecutive unexcused hours, or
- 42 unexcused hours in a school month, or
- 72 unexcused hours in a school year.

If a student acquires 38 hours in one month or 65 hours in one school year of excused and or unexcused hours, a warning letter will be mailed to parent/guardian. The school, in compliance with Ohio Truancy Laws, has established the following intervention strategies to avoid unexcused hours, partial and full days, tardies and early dismissal.

If a student acquires 30 consecutive unexcused hours, or 42 hours unexcused hours from school in a school month or, 72 unexcused hours in a school year, an Absence Intervention Team meeting will be scheduled by the Truancy Officer, for the purpose of developing an Absence Intervention Plan. The team shall consist of the student, parent/guardian or their designee (a pre-approval FERPA form release for a designee to attend in a parent's place must be filed by the parent for the

designee to participate in the Absence Intervention Team meeting), school administrator or their designee, and attendance officer. The team may also include the school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences and representative of the Juvenile Court.

If the parent/guardian fails to attend or otherwise respond and participate in the Absence Intervention Team, the school shall do both of the following:

Investigate whether the parent/guardian's failure to attend triggers mandatory reporting to the public children services agency or instruct the Absence Intervention Team to develop an intervention plan for the child notwithstanding the absence of the parent/guardian.

If the student fails to comply with the Truancy Intervention Plan and meets the legal definition of habitual truant, charges will be filed in Warren County Juvenile Court.

### **Excused Absences**

- Personal illness or injury.
- Medical or dental appointments (partial days, in most cases).
- Illness or death in the family.
- Funeral of immediate family member or relative
- Quarantine.
- Religious holiday (not counted against the eight (8) day rule).
- Appointments for court.
- Pre-approved absences five (5) days per year approved in advance by the principal.
- Head lice. Children excluded from school due to head lice are allowed one (1) excused absence on two (2) separate occasions in a school year. Absences beyond this number are unexcused.
- Emergencies and other reasons deemed good and sufficient by the principal.

### **Unexcused Absences and Tardies**

The school administration will make the final decision whether an absence/tardy is excused or unexcused. In general, unexcused absences/tardies include (but are not limited to):

- Missing the school bus. Experiencing transportation problems at home or on the way to school.
- Remaining at home to complete school assignments.
- Missing school without legitimate illness.
- Oversleeping. Alarm clock (student's or parent's) failed to work. "My mom didn't get me up."
- Not having suitable clothing to wear to school.
- Working at a job during the school day without a proper work permit.
- Any form of recreation (unless pre-approved absence days). "I had a game last night."
- Personal business that can be done after school or on weekends.
- Babysitting. "Helping at home" or "Was needed at home."
- Senior pictures/portraits.

### **Medical Excuses**

Medical excuses are acceptable documentation of an absence or tardy to school following a personal, in-office or hospital examination by a physician, nurse practitioner, or physician assistant. Physicians, et. al., may only excuse absences or tardies to school for the specific date(s) the student was under his/her direct medical care - during which the student was medically unable to attend school.

Excessive medical excuses may result in the school contacting the physician's office for additional medical documentation.

### **Military Provision**

Students may receive up to five (5) additional excused absences per school year for the purpose of attending the deployment or return of a military parent/sibling. These days shall be approved in

advance by the principal and will not count against the normal excused absences provision. Additional days of excused absences may be approved by the principal in special circumstances.

### **Make-Up Work**

Excused absences and tardies allow students to make-up all missed class work, tests, and assignments. The general rule is the length of make-up opportunity is equivalent to the length of the absence. Students may not make-up class work, tests, and assignments missed due to unexcused absences or tardies.

### **Truancy Defined**

Truancy is defined by Ohio Revised Code, Section 3313.609, as “any absence that is not excused.”

### **Warren County Inter-School Attendance Agreement**

Student attendance records shall be maintained for students moving from one Warren County school district to another district within the county. This includes all provisions of this policy (excused/unexcused absences, steps in the truancy process, et. al.).

Little Miami Local Schools accepts the attendance policies and procedures of the partner school in regards to their students who attend (Little Miami Local Schools) Satellite Classes within their district. These policies and attendance documentation will be maintained at the partner school. Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board. The Board shall consider each student assigned to a program of other guided learning experiences to be in regular attendance for the program provided that s/he reports to such staff member s/he is assigned for guidance at the place in which s/he is conducting study, and regularly demonstrates progress toward the objectives of the course of study

### **SCHOOL PROCEDURES FOR UNEXCUSED ABSENCES**

Little Miami High School will work closely with the Warren County Attendance Officer and the Warren County Juvenile Court system to address unexcused absences to school. The school will follow the consequences laid out in the Warren County Attendance Policy in cases of truancy.

### **TARDINESS TO SCHOOL**

Tardiness to school will be handled in the main office. If a student arrives at school, but is late by less than 1.5 hours they will be charged with a tardy. If a student is late arriving at school, he/she must report to the office for an admittance slip. Failure to sign in at the main office will result in a warning the first time and additional consequences for subsequent offenses. Consequences for repeated tardiness to school are outlined under rule #15 in the Code of Conduct. All times are calculated based on the official start and end times of the school day and do not include late arrivals or early dismissals.

### **COLLEGE VISITATION/JOB SHADOWING**

Students who plan to visit colleges to inspect the campus for future enrollment should arrange their visits through the School Counseling Office using the proper forms. College visits will be considered excused absences as long as the correct forms have been completed and students have not surpassed the allotted twelve (12) attendance occurrences.

Juniors and seniors may have a total of three (3) days for college visits/job shadowing per year. Freshmen and Sophomores are allowed 3 job shadowing days per year. These days are counted as a part of the # of days permitted under the Warren County Attendance Policy. College days/Job Shadowing will not be granted just prior to or just after holiday vacations unless prior approval has been sought with the School Counseling Office. Students with attendance problems or low grade-point averages (1.75 or below) during the current school year may have their applications for

an excused absence for college visitation/job shadow experience denied. Forms are available in the School Counseling Office. No college visits or job shadowing are permitted during the last three weeks of the year.

## **VACATIONS**

Parents are asked to plan family trips and vacations to correspond with the school calendar. If this is impossible, absences of one or two days will be excused, as are other legal absences, provided the requirements of a parental note or phone call is adhered to. Students missing three or more days, or missing any school just prior to or after a break, must submit a completed vacation form to the school administration for approval a minimum of one week before the scheduled vacation. To complete the form, students must take the form to all of their teachers for a signature and current grade. Students are responsible for securing any assignments and projects from their teachers and having them ready to be turned in upon their return to school. Previously assigned projects due while a student is away should be submitted to the teacher prior to the student leaving for vacation. Any homework, class performance or quiz not assigned before the student leaves for vacation should be made up within two (2) days of their return to school. The final decision will rest with the school administration.

## **MAKE-UP WORK FOLLOWING AN EXCUSED ABSENCE**

Make-up work is the process by which credit is earned for those days on which the student was absent. Excused absences and tardies allow students to make up all missed class work, tests, and assignments. Students may not make up class work, tests, and assignments missed due to unexcused absences or tardies. The following guidelines will be utilized:

1. When an excused absence occurs, the student will be given the opportunity to make up any work he/she missed.
  - a. The responsibility rests with the student for making arrangements with their teachers relative to all make-up work.
  - b. The make-up assignment may be different from what was required of students who were present.
  - c. The general rule is the length of make-up opportunity is equivalent to the length of the absence.

## **EXAM MAKE-UP POLICY**

1. Attendance is mandatory during exam week (1<sup>st</sup> semester and 2<sup>nd</sup> semester).
2. Exams missed during exam week require a doctor's note for make-up opportunities.
3. No exams may be taken early (prior to when the exam was given in class).

## **WITHDRAWAL FROM SCHOOL**

Should you need to withdrawal a student from LMHS, please note the following information:

- Email ([HSOffice@lmsdoh.org](mailto:HSOffice@lmsdoh.org)) or call (513-899-3781) the school office to let them know as early as possible that your child will be withdrawing.
- A school official will contact you to explain the withdrawal procedures.
- All fees must be paid before your child's transcripts/grade cards can be sent to the new school.
- If your child plans to enroll in an online/community school (GOVS, OVA, etc) they have to be in attendance at LMHS until a release is received from the new school. If your child does not attend school, they will be marked absent unexcused.
- If enrolling in an online/community school, it is recommended that you complete the current semester to ensure that you will receive credit for those courses.
- Students enrolling in an online school must attend Little Miami HS until there designated online start date. Absences prior to the online start date without proper documentation will be considered unexcused.

## **BUILDING USE**

Students may have access to the building (any in school district) before or after regular hours only when they are with an official school supervisor. Students may not be in the building or on campus waiting for an activity without being supervised by a staff member.

## **CENTRAL REGISTRATION & CHANGE OF ADDRESS INFORMATION**

### Central Registration

Little Miami School District is pleased to offer Central Registration. This service will allow parents to register their children in one central location. Follow-up appointments will then be made in the individual schools for orientation and scheduling.

To register a new student, please contact the Central Registration Office for an appointment at (513) 899-5116 or [centralregistration@littlemiamischools.com](mailto:centralregistration@littlemiamischools.com).

Enrollment information, including Open Enrollment, is available at the Central Registration Office or online at [www.littlemiamischools.com](http://www.littlemiamischools.com) under the "Central Registration" tab. Verification of residency and custody, both conditions for enrollment in our schools, will be managed through this office.

### Change of Address

You will be required to contact the Central Registrar with any change of address during the school year. Proof of residency documentation must be presented before student records and/or transportation procedures can be adjusted to reflect the change. By creating a uniform procedure for enrollment as well as change of address, Little Miami continues in its efforts to ensure the safety of children in our community.

## **CODE OF CONDUCT – LITTLE MIAMI HIGH SCHOOL STUDENTS**

### **STUDENT CONDUCT (BOARD POLICY JFC)**

Students are expected to conduct themselves in a way that exhibits respect and consideration for the rights of others. Students of the District must conform with school regulations and accept directions from authorized school personnel. The Board has zero tolerance of violent, disruptive, harassing, intimidating, bullying or any other inappropriate behavior by its students.

A student who fails to comply with established school rules or with any reasonable request made by school personnel on school property and/or at school-related events is subject to approved student discipline regulations. Students are also subject to discipline, as outlined in the Student Code of Conduct, for misbehavior that occurs off school property when the misbehavior endangers the health and safety of students within the District or adversely affects the education process. The Superintendent/designee develops regulations that establish strategies ranging from prevention to intervention to address student misbehavior, and provides continuing instruction in dating violence prevention in health education courses in grades 7 through 12.

Students and parents receive, at the beginning of each school year or upon enrolling in the District schools during the year, written information on the rules and regulations to which they are subject while in school or participating in any school-related activity or event. The information includes the types of conduct that are subject to suspension or expulsion from school or other forms of disciplinary action. The Board directs the administration to make all students aware of the Student Code of Conduct and the fact that any violations of the Student Code of Conduct are punishable. The rules also apply to any form of student misconduct directed at a District official or employee, or the property of a District official or employee, regardless of where the misconduct occurs.

If a student violates this policy or the Student Code of Conduct, school personnel, students or parents should report the student to the appropriate principal. The administration cooperates in any prosecution pursuant to the criminal laws of the state of Ohio and local ordinances.

A student may be expelled for up to one year if he/she commits an act that inflicts serious physical harm to persons or property if it was committed at school, on other school property, or at a school activity, event or program.

The Superintendent is authorized to expel a student from school for a period not to exceed one year for making a bomb threat to a school building, or to any premises at which a school activity is occurring at the time of the threat. Any expulsion under this provision extends, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place. Matters that might lead to a reduction of the expulsion period include the student's mental and/or physical characteristics or conditions, the age of the student and its relevance to the punishment, the prior disciplinary history of the student, and the intent of the perpetrator. The Student Code of Conduct is made available to students and parents and is posted in a central location within each building.

***To give students a frame of reference upon which reasonable conduct is based, certain rules are necessary. All students, including those who have reached their 18th birthday, are expected to abide by all rules and regulations. All students should have a complete understanding of expected student behavior as listed in this handbook. The rules set forth in the following Student Code of Conduct are applicable to all school-sponsored events and activities on or off school property.***

#### **CODE OF REGULATIONS FOR CONDUCT FOR PUPILS**

This Code of Regulations is adopted by the Board of Education of Little Miami pursuant to Section 3313.661 and 3313.62, Ohio Revised Code.

Any student engaging in the following types of conduct, either specifically or generally, like the kinds of conduct listed below is subject to expulsion, suspension, emergency removal or permanent exclusion from curricular activities pursuant to the Ohio Revised Code. This Code of Regulations applies while a student is in the custody or control of the school, on school grounds or property owned or controlled by the district, while at a school-sponsored function or activity, or on school-owned or provided transportation vehicles. In addition, the Student Code of Conduct governs student activities at all times, on or off school property, when such student conduct is reasonably related to the health, safety and welfare of students, or such conduct would unreasonably interrupt the educational processes of the Little Miami School District.

The Warren County Career Center is an extension of our school program; therefore, students who elect to attend the career center are subject to disciplinary action based upon the Student Code of Conduct of Little Miami High School and/or the Warren County Career Center. Consequently, conduct and/or involvement in an activity that may or does result in disciplinary action by one school may be grounds for similar disciplinary action by the other school.

Pursuant to 3313.664 of the Ohio Revised Code, students may be suspended by the Superintendent or his designee from participating in extracurricular activities for a period of time not to exceed the end of the school year for any violation of the Student Code of Conduct, or violations of posted rules and regulations established by individual coaches and sponsors.

- k) be courteous to fellow students and to the driver;
- l) treat equipment as one would treat valuable furniture in their home (damage to the school vehicle is strictly forbidden);
- m) refrain from using nicotine products on the vehicle or possessing alcohol or drugs on the vehicle except as prescription medications may be required for a student and carry on the vehicle only items that can be held in their laps or can otherwise be stored on the vehicle in accordance with State law.
- n) remain seated until the vehicle stops, then promptly unload and wait in their designated place of safety until the vehicle leaves. Students who must cross the street to reach the residence side of the street must wait for the signal from the driver and cross in front of the vehicle after also checking for traffic themselves.

Failure of a student to follow these regulations may result in his/her forfeiting the right of transportation on District managed transportation.

### **Transportation Discipline**

The Board authorizes the Superintendent or other administrators to suspend a student from transportation privileges only for a period of up to one school year. The only due process required is notice to the student of an intended bus riding suspension and an opportunity to appear before the administrator considering the suspension before it happens. The administrator's decision is final.

When discipline problems with individual students arise, use the following guidelines.

- a) If possible, the driver should resolve the problem.
- b) When the driver is unable to resolve the problem, he/she should report it to the transportation supervisor. The transportation supervisor and driver, if necessary, confer with the principal. Any discipline is imposed by the principal of the school.
- c) Problems that cannot be resolved by measures specified above are referred to the Superintendent.
- d) The suspension of students with disabilities from transportation may require a modification of these procedures and complies with all applicable statutory requirements.

**NOTE:** *It is advisable that regulations in the area of student transportation bear the Board's official stamp of approval.*

Adopted by Little Miami Board of Education April 26, 2022

## **CODE OF CONDUCT – COMMUNITY**

Students participating in athletic activities must conduct themselves as mature young men and women.

Students involved in conduct that merits disciplinary action will be investigated by the school administration. The Student Code of Conduct previously outlined in this handbook is in effect on school grounds and at school-sponsored activities and athletic events. Confirmation of misconduct will result in disciplinary actions appropriate to the offense.

## **DISCIPLINE PROCEDURES**

### **SATURDAY SCHOOL**

Will be used as an alternative plan to improve behavior without having students lose instructional time. Saturday schools are assigned in lieu of a school suspension. Students assigned to Saturday School will report to the scheduled classroom at the assigned time. Students arriving late will be considered absent. Students must bring books and study materials and be engaged in school work the entire session. Students will conduct themselves in accordance with the School Code of Conduct. Failure to attend an assigned Saturday School, failure to bring study materials, or failure to abide by the Student Code of Conduct may result in an out-of-school suspension.

### **ALTERNATE SCHOOL ASSIGNMENT**

Removal from regular school activities may result when a student is in violation of the Disciplinary Policy. School administrators may offer or assign an alternate school assignment, which permits a student to attend school but be assigned to a supervised location. The student must do assigned school work and may be required to do work beyond what is done in the regular classroom.

#### **RULES OF ALTERNATE SCHOOL ASSIGNMENT**

1. Students must stay on task with work at all times.
2. No sleeping or laying head down.
3. No food/drink (except during breaks).
4. Cell phones, personal music devices, cameras, and other electronic devices are prohibited. Teacher has a right to claim any item deemed disruptive.
5. No talking or passing notes.
6. Adhere to all reasonable requests of the Teacher.
7. Students are not permitted to leave the classroom outside of scheduled breaks.

The student must report to the alternate school assignment room as directed and remain there until released. Failure to comply with the above, and any other regulations of LMHS, may result in an out of school suspension.

### **AFTER SCHOOL DETENTION**

Detention may be used as a consequence for violations of the school code of conduct. Detention will meet daily from 2:20-3:20 Students arriving after the assigned time will not be admitted and will be considered absent from detention.

Students must be engaged in school work during the detention period and will conduct themselves in accordance with the School Code of Conduct. Failure to attend detention, failure to bring study materials, or failure to abide by the Student Code of Conduct will result in appropriate additional consequences at the discretion of the school administration. Such violations by Junior and Senior students may result in denied or revoked parking privileges at the discretion of the administration. The staff member assigning the detention will contact parents, but it is the student's responsibility to inform their parents and arrange for transportation.

Students with an excused absence from their detention will receive a rescheduled detention. If inclement weather causes school to be delayed or canceled, students will attend detention when school reconvenes. Failure to serve detention on the assigned date will result in further consequences.

### **OUT OF SCHOOL SUSPENSION**

The Assistant Principal, Associate Principal, Principal or Superintendent may suspend a pupil from school for a period of time not to exceed ten school days.

The number of days of suspension will be related to the seriousness of the offense. Academic work missed during the suspension may be made up for at least partial credit. Students who are suspended or expelled may not be present on school property, participate or attend activities or contests (home or away), or be on property controlled by the school.

### **EMERGENCY FORMS**

All students are required by State Law to have emergency information on file in the office. It is vital that the information is current. If there are changes in your address, home or work telephone numbers, etc., please notify the school immediately. Please note that only individuals listed on the emergency medical form will be allowed to pick up the student. If a person comes to the school to pick up your child, a faxed or written note must be given to the office before the student is released if their name is not on the emergency medical form. ID will be required to sign out a student.

### **EMERGENCY SITUATIONS AND PROCEDURES**

The school administration will develop and share with students and staff the emergency plans for various emergencies that may arise. We are required to practice these plans periodically throughout the year. Students are expected to become familiar with each drill and observe the rules of the plans developed. Emergency exit procedures are posted in each classroom.

### **EMERGENCY SCHOOL CLOSING**

In the event of school being called off because of severe weather or some other emergency, students and parents are urged to listen to area radio stations for announcements regarding any change. PLEASE DO NOT call the school. Recommended stations: WLW 700-AM and WKRC 550-AM, WLWT – Channel 5, WCPO - Channel 9, or WKRC – Channel 12. Delay and closing information is also posted on the school district website, and the district calling system will be used. Emergency closing/delay information is also posted on the school web site at [www.littlemiamischools.com](http://www.littlemiamischools.com).

### **FEES AND FINES**

Outstanding fees and fines must be paid prior to the opening of school. Grade cards and school records will be withheld until all fees and fines are paid. Students with outstanding fees and/or fines will not be allowed to apply for a parking permit.

Fees are charged in courses to cover consumable materials, workbooks, etc.

1. Fees will be collected each semester. A fee sheet will be sent home with progress reports each semester. Parents are asked to mail their checks to: Little Miami High School, 3001 E. US 22-3, Morrow, Ohio 45152 – Attn: Fees.

### **GRADING POLICY**

#### **GRADE SCALE**

90-100% A      80-89% B      70-79% C      60-69% D      0-59% F

## **HOMEWORK**

The homework grade is not to exceed 10% of the final grade. The definition of homework is any assignment that is not initiated in class and is given as an assignment that will be completed at home. Work initiated in class and completed at home would be considered class work.

The Little Miami Board of Education believes that homework that is properly designed, carefully planned and geared to the development of the individual student meets a real need and has a definite place in the educational program.

Homework should be assigned to help the student become more self-reliant, learn to work independently, improve the skills that have been taught, and complete certain projects, such as the reading of worthwhile books and the preparation of research papers.

Home study assignments also afford a way for parents to acquaint themselves with the school program and their own children's educational progress. Homework will not be used for disciplinary purposes. The amount and type of homework given is to be decided by the classroom teacher, within the framework of overall instructional plans.

## **HONOR ROLL**

Students are placed on an honor roll according to their grade-point average. Students must maintain a 3.0 GPA or higher in order to be considered for the honor roll.

\*NOTE - For honor roll placement, all grades must be a "C" or above.

## **WEIGHTED GRADE POLICY (BOARD POLICY IKC)**

The Board has developed the following policy regarding weighted grades for students in the District. Weighted classes will receive a .050 add-on per ½ unit of credit or .10 add-on per 1 unit of high school credit.

All honors and advanced placement courses will receive an add-on weight with a passing grade.

College Credit Plus courses will be weighted IF the corresponding course at LMHS is weighted.

Students enrolling in an Advanced Placement course must take the Advanced Placement exam in that discipline.

## **SCHOOL COUNSELING SERVICES**

School counseling services are provided by four full-time counselors. If a student needs to see his/her assigned counselor, he/she must sign up in the School Counseling Office during a class change or before school, and the counselor will send a pass for the student to come to the School Counseling Office at the designated time. In addition to personal counseling, counselors can help you with matters pertaining to scheduling, class changes, grades, testing, vocational education and college. A specific counselor will be officially responsible for your academic record. Yearlong courses may not be dropped after scheduling. Dropped classes will result in a withdrawal/fail on the student's transcript.

A record of good personal behavior and cooperation is expected.

### **POLICY FOR CLASS CHANGES/WITHDRAWALS IN THE HIGH SCHOOL**

Counselors and teachers offer course selection assistance each school year. The scheduling process for the following school year will begin during the second semester of the current school year. Class selections will be final in the spring semester prior to the start of the new school year. Dropping a year-long course can result in a withdrawal fail and students may NOT drop a class required for graduation.

### **POLICY FOR REGISTRATION FOR HIGH SCHOOL CLASSES**

1. Any students registering for a course requiring teacher recommendation must secure the signature of their current teacher in that subject area. Advanced Placement (AP) and Honors courses require the signature of the AP or Honors instructor.
2. If a student wishes to take a class for which he/she has not been recommended, the parent(s) must submit a written request to the School Counseling Department. The request must make it clear the student will not be permitted to change his/her schedule once the parental request has been honored. 3. Counselors will use various test results to help make placement decisions during course registration.

### **CAREER PLANNING**

Naviance is a college and career planning website that allows students to search for colleges, take career assessments, and manage the college application process. Students will create a Student Success Plan to help navigate their high school academics and plan for post-secondary options as early as their freshman year. For additional information on career planning, students are also encouraged to visit <https://ohiomeansjobs.ohio.gov/home>.

### **COLLEGE CREDIT PLUS (CCP)**

Qualified students in grades 7-12 can enroll in college courses in lieu of high school courses and may be taken for college and high school credit. All incomplete college classes will result in an F on the student's high school transcript.

Students interested in CCP must attend a LMHS or local college CCP informational training and have their CCP paperwork to their counselor by April 1, 2025.

### **HEALTH AND ACCIDENT PROCEDURES**

A student who feels ill must secure a hall pass from their classroom teacher and report to the clinic. If there is a reason to be sent home, parents will be informed and the nurse will authorize the sign-out. Students are expected to come to the office in order to call home.

### **LOCKERS AND SEARCHES**

Each student will be assigned a locker (school and/or PE) with a combination lock for the storage of books, coats and other personal items. Students are required to lock their locker at all times and the school **DOES NOT** assume responsibility for any students' possessions, including money, textbooks, and valuables. A \$5 fee will be placed on all students' fees for a padlock rental. Personal locks are not permitted and will be removed.

Administrators may search a student and his/her property (including vehicles, purses, backpacks, gym bags, etc.) with or without the student's consent whenever they reasonably suspect that a search

will lead to the discovery of evidence of a violation of law or school rules. Lockers are property of the Board of Education (BOE) and the BOE reserves the right to search any pupil's locker and its contents at random whether reasonable suspicion exists or not. Searches may include the use of drug dogs.

## **POLICIES-LITTLE MIAMI LOCAL SCHOOL DISTRICT**

### **ANTI HARASSMENT/BULLYING/DATING VIOLENCE POLICY (JFCF)**

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.

Bullying, harassment and intimidation is an intentional written, verbal, electronic or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student.

This behavior is prohibited on school property, on a school bus or at a school-sponsored activity. Students found responsible for harassment, intimidation or bullying by an electronic act may be suspended.

Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

The District includes, within the health curriculum, age-appropriate instruction in dating violence prevention education in grades 7 to 12. This instruction includes recognizing warning signs of dating violence and the characteristics of healthy relationships.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices or electronic means, are inconsistent with the educational process and are prohibited at all times. The District educates minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying. Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence.

It is the responsibility of every employee, student, and parent to recognize acts of bullying and retaliation, and to take every action necessary to ensure that the applicable policies and procedures of Little Miami Schools are implemented. Any employee or student who believes that he/she has been subjected to bullying or retaliation can call or text 844-SaferOH or visit [www.littlemiamischools.com](http://www.littlemiamischools.com) and click the "Report Bullying" link on the "Resources" page for crisis information, options to report bullying, and the bullying prevention plan.

If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the Superintendent/designee and appropriate discipline is administered.

The Superintendent/designee must provide the Board President with a semiannual written summary of all reported incidents and post the summary on the District's website, to the extent permitted by law. The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law. No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

### **ADMINISTRATION OF MEDICATION AT SCHOOL POLICY (JHCD)**

Many students are able to attend school regularly only through effective use of medication in the treatment of disabilities or illnesses that do not hinder the health or welfare of others. If possible, all medication should be given by the parent(s) at home. If this is not possible, it is done in compliance with the following:

1. Only employees of the Board who are licensed health professionals, or who are appointed by the Board and have completed a drug administration training program meeting State law requirements, conducted by a licensed health professional and considered appropriate by the Board, can administer prescription drugs to students.
2. The school nurse or an appropriate person appointed by the Board supervises the secure and proper storage and dispensing of medications. The drug must be received in the container in which it was dispensed by the prescribing physician or others licensed to prescribe medication.
3. Written permission must be received from the parent(s) of the student, requesting that the school nurse or an appropriate person comply with the physician's order.
4. The school nurse or other designated individual must receive and retain a statement which complies with State law and is signed by the physician who prescribed the drug or other person licensed to prescribe medication.
5. The parent(s) must agree to submit a revised statement, signed by the physician or other licensed individual who prescribed the drug, to the nurse or other designated individual if any of the information originally provided by the physician or licensed individual changes.
6. No employee who is authorized by the Board to administer a prescribed drug and who has a copy of the most recent statement is liable in civil damages for administering or failing to administer the drug, unless he/she acts in a manner which would constitute "gross negligence or wanton or reckless misconduct."
7. No person employed by the Board is required to administer a drug to a student except pursuant to requirements established under this policy. The Board shall not require an employee to administer a drug to a student if the employee objects, on the basis of religious convictions, to administering the drug.
8. Medical marijuana is not allowed on school property.
9. CBD oil of any kind is prohibited on school property.

### **Inhalers for Asthma**

Students have the right to possess and use a metered-dose inhaler or a dry-powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms. The right applies at school or at any activity, event or program sponsored by or in which the student's school is a participant.

A student must have written approval from a physician and parent or other caretaker to possess the inhaler. The principal and/or the school nurse must have received copies of these required written approvals.

### **Epinephrine Auto injectors**

Students are permitted to carry and use an epinephrine auto injector (epi-pen) to treat anaphylaxis (severe allergic reactions). The right to carry and use an epi-pen extends to any activity, event or program sponsored by the student's school or activity, event or program in which the school participates.

Student possession of an epi-pen is permitted if the student has written approval from the prescriber of the medication and his/her parent, if a minor. Written approval must be on file with the principal and school nurse. In addition, the principal or school nurse must receive a backup dose of the medication from the parent or student.

### **Diabetes Medication**

If a student's physician determines a student with diabetes is capable of performing diabetes care tasks, the student is permitted to attend to the self-care and management of his/her diabetes during regular school hours, and at school-sponsored activities upon written request from the student's parent/guardian or other person having care or charge of the student. Students may perform these tasks in the classroom, in any area of the school or school grounds, and at any school-sponsored activity. Students are permitted to possess, at all times, the necessary supplies and equipment to perform the tasks in accordance with the student's treating physician's orders. This right may be revoked if the student performs any care tasks or uses medical equipment for purposes other than the student's own care. The student is provided with a private area for performing self-care tasks if requested by the student, student's parent/guardian or other person having care or charge of the student.

## **GIFTED STUDENT IDENTIFICATION AND SCREENING BOARD POLICY**

Children who are gifted are identified annually by qualified professionals using a variety of assessment procedures. The Board encourages efforts to provide services for the children who are gifted as an integral part of the total kindergarten through grade 12 program.

### Identification

The District follows the identification eligibility criteria as specified in the Ohio Revised Code and the Ohio Administrative Code.

1. The District identifies children of the District, in grades kindergarten through 12, as gifted children who perform at remarkably high levels of accomplishment when compared to other children of the same age, experience and environment, as identified under the Ohio Revised Code and Ohio Administrative Code.

Accordingly, a child can be identified as exhibiting: A. superior cognitive ability; B. specific academic ability in one or more of the following content areas: 1) mathematics; 2) science; 3) reading, writing or a combination of these skills and/or 4) social studies; C. creative thinking ability and/or D. visual or performing arts ability such as drawing, painting, sculpting, music, dance or drama.

4. the process of notifying parents/guardians regarding all policies and procedures concerning the screening, assessment and identification of children who are gifted;
5. an opportunity for parents/guardians to appeal any decision about the results of any screening procedure or assessment, the scheduling of children for assessment or the placement of a student in any program or for receipt of services;

8. an explanation that the District accepts scores on assessment instruments approved for use by the Ohio Department of Education that are provided by other school districts and trained personnel outside the District.

The District's plan may provide for the District to contract with any qualified public or private service provider to provide screening or assessment services under the plan.

Gifted education coordinators provide the District with assistance in placing students, designing services, consulting on strategic planning, evaluating services on an ongoing basis and eliciting input from parents and staff.

#### **STUDENT ALCOHOL AND OTHER DRUG POLICY POLICY STATEMENT (BOARD POLICY JFCH/JFCI)**

The Board recognizes its share of the responsibility for the health, welfare and safety of the students who attend the District's schools. The Board is concerned about the problems of alcohol and drug abuse and recognizes that illegal or inappropriate use of alcohol, narcotic drugs, depressants or other controlled substances is wrong and harmful and constitutes a hazard to the positive development of all students.

The Board does not permit any student to possess, transmit, conceal, offer for sale, consume, show evidence of having consumed or used any alcoholic beverages, illegal drugs, non-prescription drugs, look-alike drugs or any mind-altering substance while on school grounds or facilities; at school-sponsored events; in other situations, under the authority of the District or in school-owned school-approved vehicles.

Included in this prohibition are any substances represented as a controlled substance, nonalcoholic beers, steroids, tobacco and tobacco products and drug paraphernalia.

The Board wishes to emphasize the following requirements:

1. A student is required to obey existing laws on school grounds and while involved in school activities. School authorities have the same responsibility as any other citizen to report violations of the law. The final disposition of any problem, however, is determined by the building principal with due consideration of the welfare of the student and of any other relevant factors involved.
2. Discipline is imposed independent of court action. Students are subject to immediate suspension or expulsion proceedings for possession or use of illegal drugs or alcoholic beverages.
3. Parents and students are given a copy of the standards of conduct and the statement of disciplinary sanctions and are notified that compliance with the standards of conduct is mandatory.
4. If conditions warrant, the administration refers the student for prosecution and offers full cooperation in a criminal investigation.

5. A reduction in penalty may be considered if the student receives professional assistance. Professional assistance may include but not be limited to an alcohol/drug education program; assessment with follow-through based on the assessment findings, counseling, outpatient treatment or inpatient treatment.

The Superintendent establishes and the Board considers for approval detailed procedures for dealing with students who may have a drug or alcohol problem. These procedures are in compliance with all applicable laws and observed by all staff members.

It is the desire of the Board for students with problems to feel secure enough to ask for help from their teachers or counselors without fear of reprisal. Confidentiality shall be maintained within the limits of the law. The long-range welfare of the student is paramount.

### **EDUCATION/PREVENTION (IGAG)**

The Board views with concern the serious implications of drug, alcohol and tobacco use by students. In keeping with its primary responsibility, the education of youth, the Board charges the staff to continue to investigate the causes of student involvement with drugs and alcohol and to develop suitable preventive measures whenever feasible.

The Board and the staff continue to seek ways to educate students about the dangers of the misuse and abuse of drugs, alcohol and tobacco. Instructional units include sessions about the causes and effects of drug, alcohol and tobacco abuse, especially in young people.

### **DANGEROUS WEAPONS IN THE SCHOOL (BOARD POLICY-JFCJ)**

The Board is committed to providing the students of the District with an educational environment that is free of the dangers of firearms, knives and other weapons.

The definition of a firearm is any weapon (including a starter gun) which is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer or any destructive device (as defined in 18 U.S.C.A. Section 921), which includes any explosive, incendiary or poisonous gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine or device similar to any of the devices described above.

A knife is defined as a cutting instrument having a sharp blade.

Unless a student is permanently excluded, the Superintendent shall expel a student from school for a period of one year for bringing a firearm or knife to a school within the District or onto any other property owned or controlled by the Board, or for possessing a firearm or knife at a school or on any other property owned or controlled by the Board, which firearm or knife was initially brought onto school property by another person, except that the Superintendent may reduce this requirement on a case-by-case basis in accordance with this policy.

Any such expulsion shall extend, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place.

Matters which might lead to a reduction of the expulsion period include the student's mental and/or physical characteristics or conditions, the age of the student and its relevance to the punishment, the prior disciplinary history of the student and/or the intent of the perpetrator.

A student may be expelled for up to one year for firearm-related or knife-related incidents occurring off school property while at a school-sponsored interscholastic competition, extracurricular event or other school-sponsored activity.

A student suspended, expelled, removed or permanently excluded from school for misconduct involving a firearm or knife also loses his/her driving privileges. The District must notify the county juvenile judge and registrar of motor vehicles within two weeks of the suspension, expulsion or permanent exclusion.

The Board prohibits students from knowingly possessing an object on school premises, in a school or a school building, at a school activity or on a school vehicle if both of the following apply.

1. The object is indistinguishable from a firearm, whether or not the object is capable of being fired.
2. The person indicates that the person possesses the object and that it is a firearm, or the person knowingly displays or brandishes the object and indicates that it is a firearm.

As defined by State law and for purposes of this policy, an “object that is indistinguishable from a firearm” means an object made, constructed or altered so that, to a reasonable person without specialized training in firearms, the object appears to be a firearm.

Students found in violation of numbers 1 and 2 above may be reported to the local law enforcement authority and may be prosecuted under State criminal statutes, as well as disciplined in accordance with the provisions of the District’s Student Code of Conduct and State law.

The Superintendent is authorized to expel a student from school for a period not to exceed one year for making a bomb threat to a school building, or to any premises at which a school activity is occurring at the time of the threat. Any expulsion under this provision extends, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place.

#### **PROCEDURES FOR SUSPENSION/EXPULSION (BOARD POLICY- JGD FOR FULL TEXT)**

##### **1. Policy**

Suspension and expulsion from school shall be used as a means of discipline for serious offenses against the welfare of the school or for violation of the rules of the Board of Education, and only in cases where other forms of discipline are judged not to be sufficiently effective.

##### **2. Procedure for Suspension**

The Principal or Superintendent may suspend a pupil from school for a period of time not to exceed ten (10) days. (The number of days of suspension should be related to the seriousness of the offense.) The Principal or Superintendent shall utilize the following procedures in order to invoke a suspension:

- a. Verify that there are sufficient grounds for suspension by contacting the complaining teacher, pupil, or other school personnel. Interview any witnesses identified by the complaining person.
- b. Give the pupil written notice of intention to suspend her/him and the reason(s) therefore and have the student acknowledge in writing receipt of the notice. If the pupil refuses receipt of the notice, the Principal or Superintendent should note such refusal on the receipt and, if a witness is available, obtain the witness’s signature on the receipt indicating the pupil’s refusal to sign.
- c. Permit the pupil an informal hearing before the Principal, Assistant Principal, or Superintendent to refute the charge against her/him through her/his own testimony and/or witnesses on her/his behalf.
- d. If at the informal hearing, the pupil fails to disprove the charges to the satisfaction of the school official conducting the informal hearing, she/he shall be given a letter of suspension to be given to her/his parent(s), guardian, or custodian. The letter shall state:
  1. The reason(s) for the suspension and its duration;
  2. that the student or his parent(s), guardian, or custodian have the right to appeal such suspension, first to the Local Superintendent and then to the Board of Education;
  3. that the student has the right to be represented at the hearing; and
  4. that the student, parent, guardian, or custodian has the right to request that such hearing be held in executive session.
- e. Attempt to contact the parent(s) by phone to inform them of the suspension.

- f. Send the pupil home at the close of the school day, if possible.
- g. Hand deliver or mail a copy of the letter of suspension to the parent(s) and Treasurer of the Board of Education within twenty-four (24) hours from the time of suspension. If the letter of suspension is mailed to the parent(s), proof of mailing should, whenever possible, be obtained through the postal service at the time of mailing.

3. Procedure for Expulsion (BOARD POLICY JGE for full text)

Only the superintendent can expel a student. Expulsion is the removal of a student for more than 10 days, but not more than one year. An expulsion can extend beyond the end of the school year if there are fewer school days than expulsion days remaining.

The Superintendent may apply any remaining parts of the period of the expulsion to the following school year. The Superintendent may require a student to perform community service in conjunction with or in place of an expulsion. The Board may adopt guidelines to permit the superintendent to impose a community service requirement beyond the end of the school year in lieu of applying the expulsion into the following school year. The Superintendent shall, prior to expelling the student from school:

- a. Give the pupil and her/his parent(s) written notice of his intention to expel, indicating the reason(s) therefore.
- b. Notify the student, parent(s), guardian or custodian of an opportunity to appeal before the Superintendent or his designee and inform the pupil and her/his parent(s), guardian, custodian or representative as to the time and place of a hearing before the Superintendent or his designee and of the right to challenge the reason(s) for the intended expulsion. Such hearing shall not be earlier than three (3) days nor later than five (5) days after the notice is given.

However, an extension of time may be given, upon the request of a pupil, parent(s), guardian, custodian or representative after which the Superintendent and/or his designee may establish a new time and place for the hearing.

- c. Permit the pupil and her/his parent(s), guardian, or custodian such hearing before the Superintendent or his designee to refute the charges against her/him through her/his own testimony and/or witnesses on her/his behalf.
- d. If, at the hearing, the pupil fails to disprove the charges to the satisfaction of the Superintendent or his designee conducting the hearing, the pupil shall be given a letter of expulsion to be given to her/his parent(s), guardian, or custodian. In the event parent(s), guardian, or custodian appeal at the hearing before the Superintendent, a copy of the letter of expulsion shall be given to him/her/them. The letter shall state:
  - 1. the reason(s) for the expulsion;
  - 2. that the student or his parent(s), guardian, or custodian has the right to appeal such expulsion to the Board of Education or its designee;
  - 3. that the student has the right to be represented at the appeal hearing before the Board of Education or its designee; and
  - 4. that the student, parent(s), guardian, or custodian has the right to request that such hearing be held in executive session.
- e. Attempt to contact the parent(s) by phone to inform them of the expulsion.
- f. Hand deliver or mail a copy of the letter of expulsion to the parent(s), and Treasurer of the Board of Education within twenty-four (24) hours from the time of expulsion. If the letter of expulsion is mailed to the parent(s), proof of mailing should, whenever possible, be obtained through the postal service at the time of mailing.

The Superintendent will initiate expulsion proceedings against a student who has committed an act that warrants an expulsion even if the student withdraws from school before the Superintendent has held the hearing or made the decision to expel the student.

4. Procedure for Removal of Disruptive Pupil (BOARD POLICY- JGDA)

A Superintendent, Principal, or Assistant Principal shall cause the immediate removal from

school of a pupil whose conduct poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process of the school, endangering other pupils, teachers, or other school employees, or damaging school property. The suspension procedure set forth in Section A shall be invoked in lieu of removal, if at all possible. If removal by the Superintendent, Principal, or Assistant Principal is necessary, then the following procedure will be followed:

- a. Notify the pupil in writing by hand delivery or mail (if mail is used, obtain proof of mailing from the postal service, if available) of the reason(s), and for the time and place of the hearing as soon as possible, but in any event, prior to the hearing provided for hereafter.
- b. Permit the pupil and his/her parent(s), guardian, or custodian a hearing within seventy-two (72) hours of the initial removal.

If a student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, the Superintendent, principal, assistant principal or personnel employed to direct, supervise or coach a student activity program may remove the student from the premises.

If either suspension or expulsion is contemplated, a due process hearing is held within three school days after the removal is ordered. Written notice of the hearing and the reason for removal and any intended disciplinary action is given to the student as soon as practicable prior to the hearing. The student has the opportunity to appear at an informal hearing before the principal, assistant principal and Superintendent/designee and has the right to challenge the reasons for the removal or otherwise explain his/her actions. The person who ordered or requested the removal is present at the hearing. Within one school day of the decision to suspend, written notification is given to the parent(s) of the student and Treasurer of the Board. This notice includes the reasons for the suspension and the right of the student or parent(s) to appeal to the Superintendent/designee.

If the Superintendent or principal reinstates a student prior to the hearing for emergency removal, the teacher may request, and is given, written reasons for the reinstatement. The teacher cannot refuse to reinstate the student.

In an emergency removal, a student can be kept from class until the matter of the alleged misconduct is disposed of either by reinstatement, suspension or expulsion.

In all cases of normal disciplinary procedures in which a student is removed from a curricular or extracurricular activity for less than 24 hours and is not subject to further suspension or expulsion, due process requirements do not apply.

#### 5. Removal by Teacher

- a. A teacher may remove a pupil whose conduct is disruptive of a curricular or extra-curricular activity under his/her supervision. Under such circumstances, the teacher shall notify the Principal that the student is being removed from the class and/or activity and being sent to the office.
- b. The teacher shall notify the Principal in writing by the end of the school day the reason(s) for the removal. If the Principal returns the pupil to the teacher's classroom and/or activity without having conducted a hearing in which the teacher has participated, the Principal shall submit in writing to the teacher the reason(s) for such action.
- c. Removal of a student from curricular or extracurricular activities for a period of less than twenty-four (24) hours is permissible without the necessity of following any of the above prescribed procedures.

Some examples of behavior which may lead to suspension or expulsion include:

1. Disruption of or interference with curricular or extracurricular activities.
2. Damage to school property.
3. Damage to private property.
4. Assault.
5. Dangerous weapons and instruments.
6. Narcotics, drugs, alcoholic beverages, or smoking devices such as e-cigarettes and similar items.
7. Inappropriate conduct toward school personnel insubordination.
8. Smoking and use of other tobacco products.
9. Truancy.
10. Threats or intimidation of others.
11. Removing or altering school records.
12. Improper social behavior or social media communication.
13. Repeated violation of minor misconduct rules.
14. Refusing to abide by a punishment.

## **STUDENT RECORDS (BOARD POLICY- JO)**

### **Student Records**

In order to provide students with appropriate instruction and educational services, it is necessary for the District to maintain extensive educational and personal information. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student's parent(s) or the student in compliance with law, and yet be guarded as confidential information.

The Superintendent is responsible for the proper administration of student records in keeping with State law and federal requirements and the procedures for the collection of necessary information about individual students throughout the District.

Upon request, all records and files included in the student's cumulative file are available to parent(s) or the student (if he/she is over 18 years of age).

This request must be in writing and is granted within seven calendar days. No records are to be removed from the school. A principal, teacher or other qualified school personnel must be present to explain any of the tests or other material.

All rights and protections given to parents under law and this policy transfer to the student when he/she reaches age 18 or enroll in a postsecondary school. The student then becomes an "eligible student."

As required by the Family Educational Rights and Privacy Act (FERPA), the District provides notice to parents and eligible students annually, in accordance with the procedures set forth under administrative regulations, of the rights held by parents and eligible students under law and this policy. It is the intent of the District to limit the disclosure of information contained in the student's education records except:

1. by prior written consent;
2. as directory information and
3. under other limited circumstances, as enumerated under administrative regulations.

The following rights exist:

1. the right to inspect and review the student's education records;

2. the right, in accordance with administrative regulations, to seek to correct parts of the student's education records, including the right to a hearing if the school authority decides not to alter the records according to the parent(s)' or eligible student's request;
3. the right of any person to file a complaint with the U.S. Department of Education if the District violates relevant Federal law, specifically the Family Educational Rights and Privacy Act and
4. the right to acquire information concerning the procedure which the parent(s) or eligible student should follow to obtain copies of this policy, the locations from which these copies may be obtained, as well as any fees to be charged for such copies. \*(See administrative regulations.)

#### STUDENT'S:

1. Name
2. Address
3. Telephone listing
4. Date and place of birth
5. Major field of study
6. Participation in officially recognized activities and sports
7. Weight and height of individual members of athletic teams
8. Dates of attendance
9. Date of graduation
10. Individual awards received

The above information is disclosed without prior written consent, except when the request is for a profit-making plan or activity. Student records that consist of "personally identifiable information" generally are exempt from disclosure. Student directory information, however, is released unless the parents have affirmatively withdrawn their consent to release in writing to the board.

Administrative regulations set forth a procedure for annual notification to parents and eligible students of the District's definition of directory information. Parents or eligible students then have two weeks in which to advise the District, in accordance with such regulations, of any or all items which they refuse to permit as directory information about that student.

To carry out their responsibilities, school officials have access to student education records for legitimate educational purposes.

The District uses the criteria set forth under administrative regulations to determine who "school officials" are and what constitutes "legitimate educational interests."

Other than requests as described above, school officials release information from, or permit access to, a student's education records only with the prior written consent of a parent or eligible student, except that the Superintendent or a person designated in writing by the Superintendent may permit disclosure in certain limited circumstances outlined under administrative regulations (e.g., transfers to another school district or to comply with judicial order or subpoena or where warranted, in a health or safety emergency, etc.).

The District maintains, in accordance with administrative regulations, an accurate record of all requests to disclose information from or to permit access to, a student's education records and of information disclosed and access permitted.

#### **STUDENT SURVEYS (BOARD POLICY-JOA)**

The Board recognizes the importance of maintaining student records and preserving their confidentiality. Student records containing personally identifiable information are kept confidential at collection, storage, disclosure and destruction stages.

Boards that receive funds under any applicable program must provide reasonable notice to parents at least annually at the beginning of the school year that their children may be involved in

Board-approved third party surveys. The school must also give the parents the opportunity to opt their child out of the activity.

A student shall not be required, as part of any applicable program, to submit to a survey, analysis or evaluation that reveals information concerning:

1. political affiliations or beliefs of the student or the student's parent;
2. mental or psychological problems of the student or the student's family, "potentially embarrassing to the student or family";
3. sex behavior or attitudes;
4. illegal, anti -social, self-incriminating or demeaning behavior;
5. critical appraisals of other individuals with whom respondents have close family relationships;
6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers;
7. religious practices, affiliations or beliefs of the students or student's parent, or
8. income (other than that required by law to determine eligibility for participation in a program and/or for receiving financial assistance under such program).

Parents have a right to inspect a survey created by a third party before that survey is administered by the school to students. Parents are notified by the school when a survey is to be administered and will have at least two weeks to review the materials.

In order to protect student privacy rights when a school survey is to be administered that contains one of the prohibited eight items identified in this policy, parents have the right to inspect the survey. If parents do not want their child to be a participant in the survey, they must notify the school.

The collection, disclosure or use of student personal information for the purpose of marketing or selling that information, or providing the information to others for that purpose, is prohibited. This does not include personal information collected for the exclusive purpose of developing, evaluating, or providing educational products or services for or to students or educational institutions such as:

1. postsecondary institutions or military recruiters;
2. book clubs, magazines and programs providing access to low-cost literary products;
3. curriculum and instructional materials used by K-12 schools;
4. tests and assessments used by grades K-12 to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students, or to generate other statistically useful data for the purpose of securing these tests and assessments, and the subsequent analysis and public release of the aggregate data from these tests and assessments;
5. the sale by students of products or services to raise funds for school or education related activities or
6. student recognition program.

For specific events, the school must notify the parents annually of the projected or approximate dates of the following activities:

1. the collection, disclosure or use of student personal information for the purpose of marketing or selling that information, or providing the information to others for that purpose;
2. the administration of a survey containing any of the eight items identified in this policy and
3. annually, the District will notify parents of physical exams or screenings conducted on students except for vision, hearing or scoliosis.

## **POSTINGS**

All postings (photographs, posters, flyers, etc.) must be approved by an administrator and may not be put up in the academic wing except in designated areas when given permission by an administrator.

## SENIOR SERVICE LEARNING

The District believes senior service learning (SSL) is an important experience in senior students lives. SSL is any pre-approved, voluntary work, service, or awareness for which pay is not commensurate with the service, nor is attendance pursuant to meeting another requirement. Seniors must complete a total of 12 hours of school/community service as a part of American Government class (not required of WCCC students). A list of volunteer opportunities in the Warren County area has been developed for students. See the SSL supervisor (Ms. Stein) for more details.

### Expectations

1. The 12-hour requirement can be done at one time or may be broken up by quarters. No more than 6 hours of volunteer work can be done in one place.
2. Volunteer work must be pre-approved in school or in the community.
3. Summer: Volunteer work done over the summer will be counted if it meets the requirements.
4. The supervisor should put his/her title, position, phone number, and signature, etc. on the proper form.
5. The following are examples of accepted school/community service hours:  
 Student aides - Working at graduation - Litter control - Nursing home  
 Recycling - Toys for Tots - Peer tutoring - Hospital volunteer work  
 Full Circle Group - Giving blood - Big Brother/Big Sister - PAWS activities  
 D.A.R.E. - Poll workers - Red Cross/United Way – Church-sponsored activities with a group

## STUDENT AIDES

See study hall teachers for aide forms and information.

## STUDENT DRIVING

Only students who secure a valid school parking permit are allowed to drive to school for safety and supervision purposes. **Students may apply for parking passes in the main office. Seniors can purchase full-year \$50 parking passes beginning July 31, 2024 and juniors can purchase parking passes beginning August 7, 2024.**

All applications must be completed in full and accompanied by the appropriate fee. Student drivers must: 1) have earned credits appropriate to their class standing, 2) have no outstanding fees from previous years, 3) show a valid Ohio driver's license at the time of application, and 4) purchase their parking tag before the first day of school in order to drive.

**Students who owe fees or are credit-deficient in relation to their graduation class will not be granted a parking permit. Permit holders with unpaid fees at the end of 1<sup>st</sup> semester may have their permit privileges denied until fees are paid. Non-permit holders who repeatedly drive to school will be subject to school consequences for insubordination and run the risk of their vehicle being towed at the car owner's expense.**

Parking in the school student parking lot is a privilege that may be denied or revoked for various rule infractions including but not limited to the following:

1. Failure to pay school fees
2. Repeated school/class tardiness or truancy
3. Reckless operation or license suspension
4. Exhibiting unsafe driving practices (i.e., speeding, failing to obey parking lot supervisor, squealing tires)
5. Repeated warnings for loud music
6. Parking in an unauthorized area (i.e., teacher parking lot). Loitering in car before or after school
7. Failure to serve detention or Saturday School

8. Transferring a parking pass to another student
9. Other violations of the Student Code of Conduct or guidelines set forth in Parking Permit application
  - o **First Offense** – denial of permit privileges for remainder of semester
  - o **Second Offense** - permit revoked for the remainder of school year

### **WORK PERMIT INFORMATION**

Students needing a work permit will need to complete a minor work permit application, which includes: student/applicant information, the pledge of employer form, and the physician's certificate for minor work permit. These forms should be completed by student, parent, employer, and physician prior to submitting to the school office for processing. Blank work permit forms or completed work permits can be picked up from the high school office from 8:00 AM- 3:30 PM during the school year and from 8:00 AM-3:00 PM during the summer. During the school year, work permits may take up to two days to be processed.

### **OFF CAMPUS CONDUCT**

Misconduct against a school official or employee or the property of such a person regardless of where it occurs: Students shall comply with all state laws and municipal ordinances with regard to their conduct toward the person or property of school officials, employees, or other students. Examples of misconduct include but are not limited to vandalism, destruction of property, harassment (of any type), and assault (verbal or physical). Misconduct by a pupil that occurs off of school property but is connected to activities or incidents that occurred on property owned or controlled by the District:

Students may be subject to discipline for their misconduct, even when it occurs off school property when the misconduct is connected to activities or incidents that occurred on property owned or controlled by the District. Misconduct is defined as any violation of the Student Code of Conduct.

### **INTERROGATION OF STUDENTS BY LAW ENFORCEMENT**

The District is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the district believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in emergency situations or if the violation being investigated occurred on school property. Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent prior to questioning and shall remain in the room during questioning.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent prior to questioning, and s/he (or a designated guidance counselor) will remain in the room during questioning. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning, but the building administrator (or a designated guidance counselor) will remain in the room during questioning. If law enforcement or children's services agency removes a student from school, the building administrator will notify a parent.
